

# ONE MAN KILLED AND EIGHT HURT

By Explosion of Cylinder  
in Dye Works.

CAUSE NOT EXACTLY KNOWN

Thought That Exhaust Was Closed and  
Steam Accumulated in  
Iron Tank.

NEW YORK, April 15.—By the explosion of a drying cylinder in the dyeing and finishing works of William Meister at Fifty-sixth North First Street, Williamsburg, this morning, one man was killed, one fatally injured and seven other persons more or less burned and hurt by flying pieces of iron and other material.

During the panic that followed many of the employees jumped from windows and were injured.

The dead man is Simon Troller, fifty-eight years old, a driver, living at 43 West Forty-seventh Street, Manhattan.

The seriously injured are: Bertha Forest, burned about face arms and body, and will probably die; Marie Burns, May Seger, Mary Arbaush, Mary Gluck, Bertha Gluck, Kittle Gluck, and Charles Boehmetz.

What caused the cylinder to explode is not known. Troller, the dead man, had been employed in the capacity of driver for thirty years. It is believed that he shut off the steam exhaust and there being no avenue of escape for the steam in the cylinder the iron tank exploded.

Every window in the factory was blown out. The building took fire, but the flames were quickly extinguished.

## FAVORABLE REPORT UPON SCHUETZEN PARK BILL

The House Committee on Military Affairs has authorized a favorable report upon the bill introduced by Representative Bishop of Michigan to acquire certain property in Schuetzen Park in the District of Columbia to be used as a temporary home for ex-volunteer union soldiers.

The committee made certain amendments to the bill, the most important of which is striking out the section which provides for an annual appropriation. The bill appropriates \$20,000 for the purchase of the property.

Representative Mondell was directed to prepare the report.

## PLEADS ABANDONMENT AS GROUND OF DIVORCE

Annie E. Marcron has begun suit against her husband, Louis McCoy Marcron, for maintenance and separate support. She says she married the defendant in the District in May, 1902, and in August, 1903, he deserted her. Since he abandoned her, Mrs. Marcron says, her husband has contributed nothing to her support, except 84 cents weekly for milk for their child James L. Feyer is named as counsel for the complainant.

# TYPHOID IN TIPPLE; DRINKERS WARNED

Bibbers Especially Liable to Develop Fever Germs, Declares the Chief of Illinois Board of Health.

CHICAGO, April 15.—Whisky drinking as one of the causes of typhoid fever is given by Dr. George V. Webster, president of the State board of health, in an address before the Young Men's Christian Association.

The only safe preventive, Dr. Webster averred, was pure drinking water, the keeping of the digestive system in perfect condition, and the maintenance of a high state of vitality.

"Do not drink whisky if you wish to avoid typhoid fever," said Dr. Webster. "It lowers the vitality and prevents perfect digestion. There is nothing more conducive to stomach troubles than whisky. A low vitality and imperfect digestive organs invite typhoid fever."

## SCHWAB GOES TO COAST.

CHICAGO, April 15.—C. M. Schwab, former president of the United States Steel Corporation, and his party have left on the Chicago and Northwestern Railway for the Pacific Coast. Mr. Schwab and his party are traveling in his private cars, the Loretto and the Arcadian. Mr. Schwab was accompanied to the depot by many of his Chicago friends.
